Step 1: Measure Your Space

- Starting in the left corner, measure each wall in the space that will contain cabinets and record those measurements (in inches) on the "Floor Plan Design Grid" located on the last page of this Measuring Guide.

BE SURE TO MEASURE THE FULL LENGTH OF EACH WALL

Step 2: Doors, Windows, Room Openings

- Locate and measure doors, windows and room openings.
- Record and number each door, window & opening on the grid.
- Record the dimensions in the measurement charts below.
